HAIR NATURALLY ABUNDANT.

When It Is Free of Dandruff, It Grows Luxuriantly.

Hair preparations and dandruff cures, as a rule, are sticky or irritating affairs that do no earthly good. Hair, when not diseased, grows naturally, luxuriantly. Dandruff is the cause of nine-tenths of all hair trouble, and dandruff is caused by a germ. The only way to cure dandruff is to kill the germ; and, so far, the only hair preparation that will positively destroy the germ is Newbro's Herpicide—absolutely harmless, free from grease, sediment, dye matter or dangerous drugs. It always itching instantly; makes hair glossy and soft as silk. "Destroy the cause, you remove the effect." Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Torture of a Preacher.

The story of the torture of Rev. O. D. Moore, pastor of the Baptist church of Harpersville, N. Y., will interest you. He says: "I suffered agonies, because of a persistent cough, resulting from the grip. I had to sleep sitting up in bed. I tried many remedies without relief until I took Dr. King's New Discovery for Consumption, Coughs and Colds, which entirely cured my cough and saved me from consumption." A grand cure for diseased conditions of throat and lungs. At all druggists; price 50c and \$1.00, guaranteed. Trial bottles free.

The Last American King.

Maximilian and his followers were shut up in Querataro. Many powerful influences were at work to save him. Seward also did his best. But he made little or no effort to escape. If he had failed as an emperor he could at least face disaster with the courage and the dignity of a right princely nature. Betrayed by the infamous Lopez, tried before a court martial of boys and ordered to be shot, he spent his last days in the discharge of all the obligations of friendship and courtesy. A false report of the death of Carlotta being brought to him in prison he said simply, "One less tie to bind me to the world!" Led forth to his execution and told to stand between two of his generals who were likewise condemned, he surrendered the place of honor to General Miramon in recognition of his courage. The rattle of the muskets marked perhaps the end of all monarchy in the new world. But the bitterest critic of democracy could scarcely desire a gentler figure than Maximilian's to stand before the eyes of Americans as the last representative of aristocracy and of kingship on this continent.—William Garrott in Atlantic.

Sold under guarantee to do the same for you, by all druggists at 50c a bottle. Try them today.

She Reasoned It Out.

Ethel—Mamma, if a little boy is a lad, why isn't a big boy a ladder? Mamma—For the same reason, I suppose, that, although a little doll is a doll, a big doll is not a dollar. Ethel (reflectively)—That's so. My big doll was \$2.—Kansas City Journal.

His Hard Luck.

Benevolent Old Lady (to one of the unemployed)—Poor man! What have you done to your hand? Unemployed—Broke my knuckles, mum, knockin' at people's doors askin' for work.

Neglected Colds Lead to Consumption.

How Pretty Miss Powell Was Restored to Health by Pe-ru-na.

Miss Lillian Powell, Aurora, Ind., writes:

"Last spring I caught a severe cold from getting my feet wet and being out in the rain, and in a day I had a most miserable cold, but I neglected it, thinking it would soon leave me. But it hung to me for two weeks, when I felt something must be done, as my condition was serious. I had heard so much about Pe-ru-na and in its praise that I bought a bottle and began taking it regularly. I was gratified to find that in a week the cold and cough was broken up, and three weeks' treatment completely restored my usual good health."—Lillian Powell.
